clinic visits

55,956

emergency
department visits

UIHC Dermatology Residency Training Program

Mission Statement

Through collective training experiences involving didactic lectures, bedside instruction in the clinic and hospital, histopathologic reviews at the microscope, surgical skills development within the procedural suite, and individualized quality improvement projects, the University of Iowa Health Care dermatology residency training program strives to produce physicians who will be future leaders in the field of dermatology, capable of providing the highest quality of health care for patients with skin disease.

UIHC Dermatology Residency Training Program

- **Third year (PGY-4)**
 - UIHC (adult and pediatric)
 - VA clinics
 - VA chief resident
 - Procedure clinics
 - UIHC continuity clinics
 - Dermatopathology (4 weeks)
 - Inpatient consults/weekday night call (3–5 weeks)
 - Electives (4 weeks)

UIHC Dermatology Residency Training Program

- Mohs?
 - Residents take layers, layers, and more layers
 - Ink tissue, read slides, and create Mohs map together with Mohs surgeon
 - Design and execute most all associated complex linear closures, flaps, and grafts

UIHC Dermatology Residency Training Program

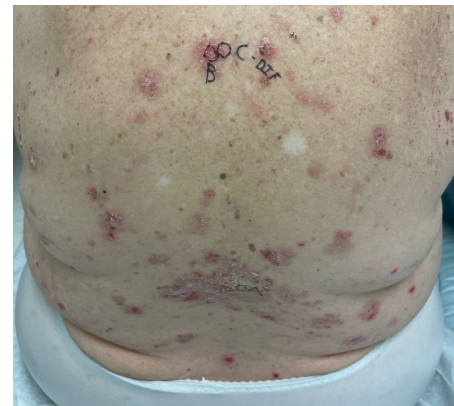

- Dermatopathology?
 - No dermatopathology fellow
 - Residents are responsible for reading all cases and generating the associated diagnostic reports (microscopic findings and final diagnosis line)

UIHC Dermatology Residency Training Program

Complex medical dermatology?

- Specialty clinics in cutaneous lymphoma, pediatric dermatology, and immunobullous disease
- Residents manage rituximab, cyclosporine, mycophenolate, methotrexate, dapsone, azathioprine, JAK inhibitors, hydroxychloroquine, acitretin, isotretinoin, and all biologics

UIHC Dermatology Residency Training Program

- *Active* clinical learning!
 - Iowa residents learn by diagnosing and managing real skin disease, not just reading about them in textbooks

UIHC Dermatology Residency Training Program

Iowa has *just the right mix* of

- Clinical and professional support staff
- Faculty– and resident–driven didactics
- Junior and senior faculty members

UIHC Dermatology Residency Training Program

- Where do residents go after they graduate?
 - Mohs fellowships
 - Dermatopathology fellowships
 - Pediatric dermatology fellowships
 - Academic practice
 - Private practice

UIHC Dermatology Residency Training Program
